WEATHER SYNOPSIS BY REGION

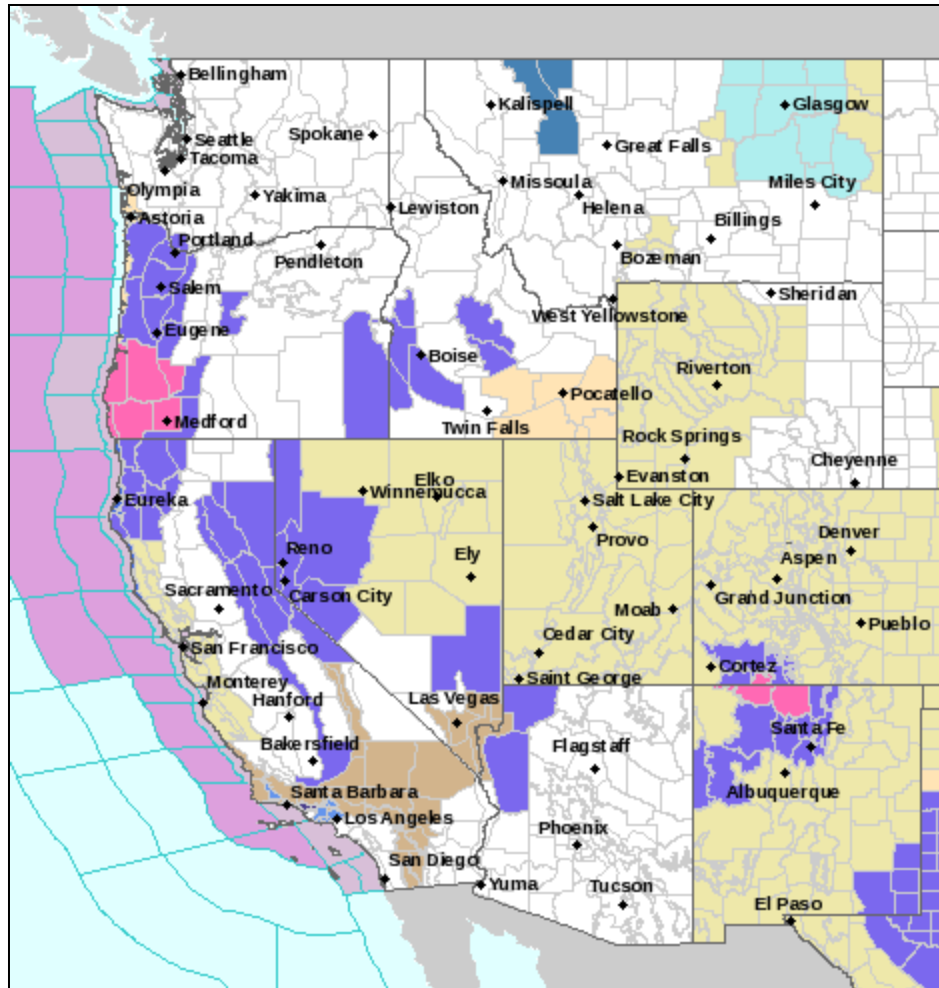

NORTHERN CALIFORNIA

The overall weather pattern will remain similar through the middle half of next week. A dominant ridge will be found offshore, allowing periodic inside slider like disturbances to move down the back side of it. Temperatures will remain on the cool side with episodic light to moderate precipitation. The second in a series of waves will impact the area into night. This system has a little more punch in terms of precipitation although peak liquid water amounts will range between 0.5 to 0.7 inches favoring the Sierras. A strengthening northerly wind flow behind the cold frontal passage today will be the other storyline. Peak gusts between 35 to 45 mph will especially impact the Sacramento Valley, higher ridges within Napa/Lake counties and Diablo-Santa Cruz Mountains Thursday night with residual impacts into Friday. The lowest humidity readings will arrive on Friday with some teens found within the Sacramento Valley although wind speeds will be lowering during the afternoon. A weak wave will cross over the area during the weekend and provide another glancing, light showery blow. A stronger disturbance is expected during the earlier half of next week and should provide additional precipitation.

SOUTHERN CALIFORNIA

Temperatures will remain 10 to 15 degrees below normal through Friday as a deep trough remains over the West Coast. Maximum temperatures will be in the mid 30s to mid 40s across the mountains and 50s to low 60s in the valleys. A couple of weak disturbances in the trough dropping down from Canada will bring isolated to scattered showers with less than a quarter inch of rainfall through Friday morning. Most of the shower activity will occur tonight. The snow level will be around 3,000 feet. Westerly winds of 20 to 40 mph with gusts to 60 mph will surface across the mountain ridges and desert passes today. Temperatures will warm to a little below normal this weekend as the trough over the West Coast weakens. Another disturbance from Canada will bring isolated to scattered showers to the region early next week, with light precipitation totals and low snow levels. This disturbance will also bring strong westerly winds to the mountains and desert early next week. Temperatures will become well below normal once again early next week as the trough over the West Coast deepens.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-45329, 2/20/2018, 1906 hours**, Yosemite NPS requesting 12-15 Type-1 SAR ground searchers to assist in searching for an overdue and reported missing 36 year old male solo backpacker. The requested resources are to meet for an early morning briefing on 2/21/2018 at the ICP located at the Hetch Hetchy Dam Ranger Station. The search area is at approximately 5,000 feet elevation and currently has a dusting of snow with a forecast of additional snow and inclement weather. Yosemite NPS requesting the Type-1 Searchers be prepared for over the snow travel, self-sufficient for 24 hours and to bivouac in the field. Cal OES LEB coordinating a response. Update: 2/20/2018, 2238 hours, San Mateo County Sheriff's Office(BAMRU) accepted the mission and provided a portion of the requested resources. LDO updated Yosemite NPS. Update: 2/21/2018, 1250 hours, Yosemite NPS requesting 8-12 Type-1 ground searchers with same requirements as before for an operational period Thursday, 2/22/2018, with a 0600 hours briefing. Marin and Contra Costa County Sheriff's Office accepted the mission and deployed the teams to the ICP today, 2/21/2018. **Update: 2/21/2018, 1530 hours, Yosemite NPS requesting 8-12 Type-1 ground searchers with the same requirements as before for an operational period Friday, 2/23/2018, with a 0600 hour briefing.** Cal OES LEB coordinating the response. Update: NSP Southern advising they will be sending a team of three for 2/23/2018.
Mission On-going

Cal OES MISSION TASKING

Cal OES Missions

- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties.
- **2018-Southern-44905:** Communications support, Baker to Vegas Annual Challenge Cup, San Bernardino County (Coordinating)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County
- **2017-SOC-44022:** Two E-BAM (air monitors) from Air Resources Board/Office of Emergency Response to monitor smoke from the Thomas Fire. Location one: Olga Reed Elementary School (480 Centennial St., Los Alamos); Location two: Carpinteria City Hall (5775 Carpinteria Ave., Carpinteria) (On Scene)
